

End-of-Life Advisory

Title	End-of-Life Advisory for ESP-IDF v4.2 Release Branch
Issue date	2023/06/30
Advisory Number	AR2023-004
Serial Number	NA
Version	V1.0

This advisory serves as a formal notification of the End-of-Life (EOL) for ESP-IDF v4.2 release branch in accordance with Espressif's IDF support policy.

ESP-IDF v4.2 release branch reached EOL in June 2023, announced on Espressif's IDF support policy page on GitHub accessible via the link [here](#). With EOL, new features, bug fixes, and security fixes will no longer be supported on this branch.

Customers who are currently using ESP-IDF v4.2 release branch for ESP32 and ESP32-S2 series products development are encouraged to upgrade their projects to more recent ESP-IDF releases, such as ESP-IDF v5.0.x.

If you have questions regarding Espressif's IDF support policy and options to upgrade from EOL IDF release branches, please contact [Espressif](#).
